SUBJECT: Support for Measure 24-0602 – Banning PFAS-Laden Artificial Turf in Los Angeles

Dear Councilmember [Last Name],

I am writing to express my strong support for Measure 24-0602, which proposes banning the use of artificial turf containing per- and polyfluoroalkyl substances (PFAS) in Los Angeles. I am deeply concerned about the health and environmental risks associated with these “forever chemicals.” Please push to enact this bill as soon as possible. We do not want more generations to suffer the effects of PFAS.

Artificial turf products often contain PFAS, which are linked to various health issues, including cancer and hormonal disruptions. Additionally, artificial turf contributes to the urban heat island effect, with surface temperatures significantly higher than natural grass, exacerbating heat-related health risks.

By supporting Measure 24-0602, we can protect public health and promote sustainable, safe alternatives for our community spaces. I urge you to vote in favor of this measure to ensure a healthier future for all Angelenos.

Thank you for your attention to this critical issue.

Sincerely,

[Your Name]
